Death of Mr. Lowe, of Fairfax. The Roberts-Lloyd Case Tried in Lynchburg - County Candidates All Over the State.

PETERSBURG, VA., April 6,-[Special.]-Mr. Richard Hargrove, a well-known citizen of Danville county, residing on Goshem farm a short distance from Reams' station, on the Petersburg and Weblon radroad, attempted to commit suivide on Saturday afternoon by cutting his throat from ear to ear with a pocket-knife. Mr. Hargrove, who is single and about forty years of age, had been despondent for some time on account of being thrown backward in his farming operaspondent for some time on account spondent for some time on account the perfect of the protracted spell of bad weather, and had been heard to say, "We are all postig to termsh." On Saturday after moon Mr. Hargave went to his brother's, Mr. Charles Hargave, who resides in Dinwiddle county, on the Halliax road, about two miles from Heams' station, where the attempt at suicide was made. Mr. Charles Hargave saw his brother in the yard, slashing at his throat with a knife, and at once ran towards him. Mr. Hargave ran from his brother, but was overtaken, and, after some difficulty, the knife was taken from him, but not before he had made a second effort to take his life by attempting to cut himself in the side. Mr. Hargave is not a drinking man, His mind is supposed to be unbalanced, and this is what led him to commute the rash act. His injuries, while severe, are not considered necessarily ratal. In cutting at his throat, Mr. Hargave missed the jugular vein, and this is what saved his life.

beavy rains. Many have not yet plowed a furrow for com, and there is much anxiety expressed as to the prespects for the year's crops. Courage has kept up with many until since April beam with its unpropinous weather. In the experience of our oldest citizens the ground has hever been so thorough saturated with water. Celling everywhere have been flooded, and the streams have, for many days, been swollen beyond their usual dimensions. The Pamunky has been out of its banks for two weeks, and a great deal of the time impassable, except by small boats. The roads in many places are positively dangerous from the quick-sands which have been formed.

There was a large gathering of the farmers at the Ccurrhouse on the 3d, being the day for the quarterly meeting of the County Alliance. This organization numbers about 480 in the county. In its ranks there are many of the best citizens of the county. No county in

the State is probably more thoroughly organized. The meetings are always conducted in a thoroughly business-like manner. It is a body of conservative men, who are not disposed to take hasty and unwise steps, or adopt measures to be regretted. They speak their mind decidedly on the questions of importance to the farmers. Their delegate to the last annual meeting of the State Alliance was sent instructed to oppose the sub-treasury measure, and at this last meeting they declared themselves almost unanimously against anything like a third party movement. It is thought by the leaders that the demands of the Alliance can be obtained within the two great parties now existing, and so far as this county is concerned, their fight will be made on this line.

on this line.

The results of the Democratic primary election, which was held on Thursday, seem to have been perfectly satisfactory. There is no doubt the nominees for the county offices will receive the full vote of the party which has seen fit to place them upon its ticket.

With the exception of a tendency to colds (no doubt superinduced by the continued wet weather) the health of the county seems to be unusually cood. unusually good.

The communicants alone filled the house. They met at night in joint service at the First church, when notice was given that the joint services would be held every night this week at the First church. Since the death of Rev. Dr. Edwards, the beloved paster of the Count-street Methodist Episcopal church, whose place has been filled for some weeks during his sickness by Rev. George W. Carter, it is understood that the latter will continue to fill his pulpit until the meeting of the next annual Conference in November. Mr. Carter is giving great satisfaction to the congregation, and is one of the ablest preachers in the State.

Cashier Gadsden's Downfall.

Savannan, Ga., April 5.—Cashier Gadsden's downfall has been a rapid one. Every color of \$100,000 he embezzled from the bank has been taken since the list of January. It was lest in speculation in cotion. The bank depositors are seared, but the bank's loss is not over \$70,000, as his bond was for \$30,000 and the surplus is large. Gadsden was executed of the estate of Joseph Ehlen, late banker. How his account with that estate stands cannot be ascertained, though an investigation is in progress.
